Midwives of Couilleau

I visited yesterday the foundation of the new school construction that Caritas of PAP is building for us at Couilleau, one of our Chapels. They will build six rooms of school and a direction.

It will be good for the kids over there. They need it.

This place is for the other three rooms of school

Look at this foundation. When you arrive in Leger I'd like you visit it

Here is the chapel of Couilleau. The man you see is taking charge of it.

Here is a good sight

I went there by mule. It's about two hours on foot

The kids were eating their food.
